July 1988 No. 5

edited by D.W. Andersen
260 Hawkesbury Rd.
Winmalee, NSW 2777

What has happened to the South Pacific Perfins Bulletin and the Perfin Club of New Zealand and Australia? Unfortunately I don't know nor can I find out despite several attempts. This bulletin will possibly fill the gap until all is made clear.

A great deal of useful information was provided by members of the Perfin Club of New Zealand and Australia which is yet to be published. In this issue is the first part of an illustrated listing of New South Wales Private Perfins. The second part of this article, on revenue issues, will follow in the next issue.

#####

As this issue is unsolicited I do not expect you to pay for it. However further issues will cost A\$2-50 each (surface mail for non Australian and New Zealand subscribers). You may pay after receipt of each issue or in advance, though please do not pay for more than 4 issues in advance.

Australian subscribers please make cheques etc. payable to D.W. Andersen

Non Australian subscribers should pay with bank notes in NZ\$ US\$ or UK£ at the appropriate rate of exchange. If you pay by draft or cheque you will need to add A\$4-50 to cover bank charges.

PLEASE LET ME KNOW IF YOU WANT FURTHER ISSUES

Publication is likely to be three or four times a year. I already have enough material for three more issues of just over 10 pages each.

Additional copies of this issue are available at A\$2-50 each.

The next issue should appear in August or September 1988 and should contain the second part of the NSW listing and a report on perfins at Sydper88.

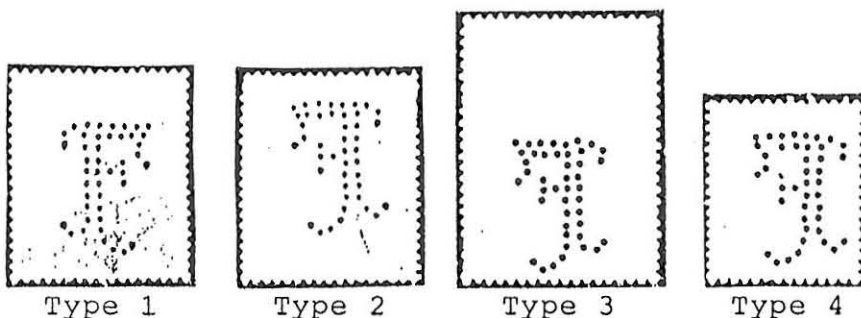

Some New South Wales Perfin users and a query.

Ron Bradford provides some information about a couple of New South Wales companies that used perfins.

AC/&Co was used by Arthur Cocks & Co. Ltd. 63 York St. Sydney
They employed approximately 70 people on the 1930's.

WC was used by Winchcombe Carson Ltd., Sydney. This company also had a wool store in Jones St., Ultimo, and employed about 130 people in the 1930's. The W.C. pattern was used on Commonwealth issues.

He asks about the ornate F pattern found on Commonwealth issues. (Aust. Ed. - have seen four similar patterns illustrated below. All postmarked Sydney. Types 1 and 2 have smaller holes and are found on Commonwealth issues to the mid 1930's. Types 3 and 4 with larger holes are found on issues from the late 1930's to 1940's)

Current Literature

Plummer D (1987) 'Introducing holes' Australian Stamp Monthly June 1987 p.81,83
Short notes on telegraph punctures and a number of official perfins-British 'CofA', British colonies 'SPECIMEN', Tunisian 'T' Hungarian 'triangle', Swiss 'cross'. A short glossary is included.

Plummer D (1987) 'Perficials' Australian Stamp Monthly' July 1987 p.91,93
A fairly general article illustrating and discussing various official perfins-Australian, Sudanese, Canadian, Luxemburg's and Costa Rican
